Improvements to I-555 Require Alternating Lane Closures between Marked Tree and I-55

CRITTENDEN AND POINSETT COUNTIES (4-17) – Resurfacing 13 miles of Interstate 555 between Marked Tree and the I-55/I-555 interchange will require alternating lane closures, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, crews will alternately close lanes as needed starting on **Monday, April 20** and continuing through **the end of the year**. Crews will always maintain a single lane open to traffic in both north and southbound lanes.

Traffic will be controlled by signage, traffic drums, and concrete barrier walls. Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
