Maintenance Requires Lane Closures in Garland County

GARLAND COUNTY (7-7) – Maintenance operations require temporary lane closures in Garland County, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, maintenance crews will perform sealcoat application operations on the following highways:

- **Monday, July 6 – Wednesday, July 8** Highway 227 | Alternating lane closures between 7:00 a.m. and 5:00 p.m. near Percy beginning at Highway 70, extending north for three miles; and
- **Thursday, July 9 – Thursday, July 23** Highway 298 | Alternating lane closures between 7:00 a.m. and 5:00 p.m. beginning at the Montgomery County line, extending east for 13 miles.

The highways will remain open during the work. Lower advisory speed limits will be posted, due to the loose gravel for the first day of application in each area.

Traffic will be controlled by traffic cones and signage. Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
