Districts Compete For ROADEO Title

It was a day of fun and competition for employees, families and peers as the 14th annual Equipment Operators' ROADEO got underway on June 10th at the Department's Central Shop in Little Rock.

As children enjoyed face painting and coloring, other attendees gathered to watch employees compete in a number of tests that allowed them to display their skills at maneuvering trucks and machinery through obstacle courses. After competing in the semifinals in each district earlier in the year, this was a chance to walk away from this year's ROADEO with the statewide title. Also at stake for the Districts was the title of Team Champion.

There was something for everyone including tractor/lowboys, tandem and single axle dump trucks, tractor/mowers, backhoes and motor patrols. Employees gave it their best at the day's events which, among other things, included guiding mowers through a winding obstacle course of orange cones, knocking tennis balls off of posts in the motor patrol competition and dropping golf balls into paper cups using a backhoe.

After an outdoor luncheon from Lindsey's featuring barbeque, catfish, fried pies and all the trimmings, AHTD Director Dan Flowers kicked off the awards ceremony.

Laying claim to the 2004 title of Team Champion was District 3. Team members included Kenneth Adams, Pat Edmonson, Lonnie Hazel, Jim Bob Lamb, David Morton, Larry Otwell and Dwain Rosenbaum.

"It's an honor to be recognized as Team Champion when you are competing with a group of winners," remarked Don Donaldson, District Three Engineer.

Among the other employees receiving recognition were Josh Higginbottom of the Central Office who won Single Axle Dump Truck for the second consecutive year, Randall Edgmon of District 9 who took first place in Motor Patrol for the fourth consecutive year and Kenny Riley of District 9 who won the Backhoe competition for an eighth time.

Members of AHTD will travel to Mississippi in October to compete in the 2004 Regional ROADEO along with teams from Mississippi, North Carolina and South Carolina.
