

Center Line

During the awards ceremony, Director Dan Flowers praised the competitors for their skills and achievements.

Commission Chairman Jonathan Barnett was pleased to present the Team Champions award to District Nine.

Employees Compete for AHTD Roadeo Title

AHTD employees from around the state traveled to Little Rock's Central Shops on May 24th to compete in the 17th Annual Equipment Operators Roadeo.

Family, friends and co-workers spent the day watching a large field of competitors, each of whom had arrived with top-notch skills. Contestants competed in the following categories throughout the day: Tractor/Lowboy, Tandem Axle Dump Truck, Single Axle Dump Truck, Tractor/Mower, Backhoe and Motor Patrol.

After a full morning of competition and a catered lunch, awards were handed out to those who finished at the top of the standings. This year's title of Team Champions went to District Nine. It was their fifth Team Champions title.

Ralph Fulton, District Engineer, was proud of his team. "Congratulations to the District Nine Roadeo Team. They will be treated to a steak dinner as a reward for their success. The skills represented by the Roadeo competitors continue to impress me each time they compete."

The top two winners in each category will travel to Ashville, North Carolina, in October to compete in the 2007 Southeastern Regional Equipment Operators Roadeo. The AHTD has come home with the regional trophy each of the four years the competition has been held. Teams from across the southeast region of the country will compete alongside Arkansas in the regionals.

Team Champions, District 9: (l. to r.) Director Dan Flowers, Jeff Myatt, Cam Whitney, Kenny Riley, Commission Chairman Jonathan Barnett, District Engineer Ralph Fulton, District Maintenance Engineer Steve Lawrence, Jeff Upton, Lance Baker, Joey Ragland and Commission Vice Chairman Carl Rosenbaum.

MAY 2007 • ARKANSAS STATE HIGHWAY AND TRANSPORTATION DEPARTMENT

AHTD ROADEO FINALS RESULTS

Tractor/Lowboy

1st Place Darrell Barnes
District 8

2nd Place John Harvey
District 2

2nd Place Todd Clifford
District 10

3rd Place Joe Villalobos
District 8

Motor Patrol

1st Place Lance Baker
District 9

2nd Place William Hickman
District 7

3rd Place Euclid Elliott
District 7

United Way Campaign Recognition

For the second year in a row, the AHTD has received recognition from the United Way for its fundraising campaign.

The Department received a United Way Crest Award on April 25th at the Hilton Little Rock Metro Center for its 2006 campaign, which raised \$24,765.12.

To earn a Crest Award, an organization must meet two of four criteria: a 10% increase in employee giving, 50% or more employee participation, \$100 or more employee gift per capita, or one or more \$1000 Pillar

club members. The Department met the 50% participation requirement and District Five District Engineer Lyndal Waits was a Pillar giver.

The award was accepted for the AHTD by Tara Robinson of the Human Resources Division, who served as coordinator of this year's campaign.

"It was an honor to accept this award for the Department," stated Robinson. "For those who contributed financially to the United Way campaign, thank you again."

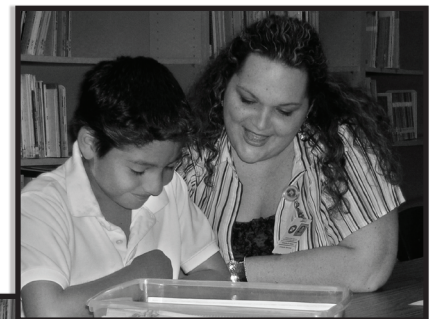

Tara Robinson, Human Resources Division, with the Crest Award.

AHTD Employees Volunteering in Public School

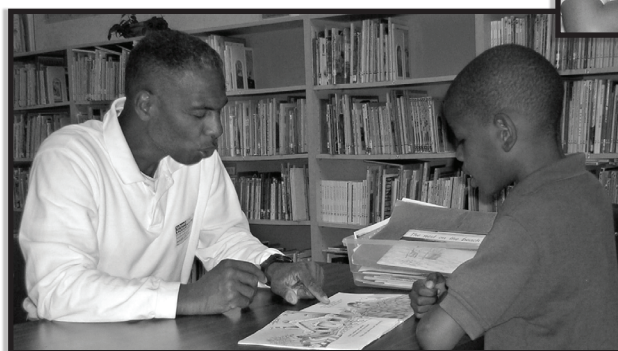

A group of employees from the AHTD have volunteered to work with students at Chicot Elementary School in Little Rock.

The volunteers are spending time listening to students in the first and second grades read books. The time spent reading will improve reading fluency and give the students an additional opportunity to have meaningful conversations with adults.

Those employees participating include Terry White, Les McSwain, Louis Peralta, Amanda Walker, Melissa Doss, Cynthia Spencer, Philip Terry, Corey Key, Angela Jordan, Sarah Wilson and Vicki Haydon.

Josue Martinez, a second grader, reads to Amanda Walker, a Programmer III, in Computer Services.

Les McSwain, of the AHTD Bridge Division, spends time reading with second grader Demondre Johnson.

The Staff Minute

Employee: Bashar Qedan,
Assistant Resident
Engineer, Fayetteville
Resident Engineer
Office, District 4.

Length of Service:
19 Years, 8 Months.

Job Duties:
Along with the

Resident Engineer, my main responsibility is to oversee and ensure that all construction projects are built according to the Department's plans and standard specifications. This is accomplished by coordinating work with the contractors, training and scheduling of office personnel to inspect such work, and when required, interpretation of plans and specifications. The other major duty I have at the Resident Engineer Office is to address the concerns and questions of the general public regarding our construction projects.

Favorite part of the job: To observe a roadway section or a bridge being built from the ground up is a tremendous feeling of accomplishment. However, this sense of accomplishment could never happen without the support and help of my co-workers. It is a team effort. The other thing I really enjoy about my job is the daily teaching and learning. I really like to work and train our young engineers and inspectors. At the same time, I appreciate learning new things from my co-workers who may have different experience in dealing with a given situation.

Background: After receiving my Master's Degree in Civil Engineering at the University of Arkansas, I was hired by the Department in September of 1987 as Civil Engineer I. I worked in the Materials and Research Division in Little Rock. In 1990, I transferred to the Alma Resident Engineer Office and, for the next 7 years, worked on the once-in-a-lifetime job of Interstate 540 construction between Alma and Fayetteville. In 1997, I became the Resident Engineer in the Van Buren Resident Engineer Office and, in 2002, moved back to Fayetteville to work in the Fayetteville Resident Engineer Office.

Family: I am happily married to my lovely wife Dua. I have the most beautiful daughters: Nadia, 23; Samar, 19; Layla, 17; Hanna, 14; and Lana, 8 months. My very handsome son, Omar, is 4 and keeps me running. I have a special grandson, Ricky, who is 2. Simply, I am very blessed.

Hobbies/Interests: Besides enjoying spending time with my family, I like carpentry work, landscaping and yard work. When I get the chance, I love to golf.

Construction of the Highway 49 Bridge over the Mississippi River in Helena. The bridge opened to traffic in July 1961. An average of 6,200 vehicles cross it daily.

Attention Central Office Employees

Just a reminder that the Department has revised the Emergency Procedure Plan in the Central Office building in order to better serve our employees and visitors during an emergency evacuation.

Changes made include fire extinguisher signs, legends for evacuation routes and designated Areas of Rescue Assistance.

For further information, contact Ken Jordan in Human Resources at 501-569-2694.

Team AHTD Completes Heart Walk

American Heart Association®

A team of 14 members from the AHTD participated in the 2007 Central Arkansas Heart Walk presented by the American Heart Association. The walk was held on April 21st on the North Shore of the Arkansas River in North Little Rock. Our team walked or ran a 5K route and raised money to help in the fight against heart disease and stroke.

2007 EQUIPMENT OPERATORS ROADEO SEMI-FINALS

In addition to coverage of the AHTD Rodeo Finals held in Little Rock, this issue of the CenterLine includes the results of Semi-Final competitions held in the weeks leading up to the Finals. Because of our newsletter deadline, these results could not be included in the last issue of the CenterLine. Congratulations to the winners of the Semi-Finals spotlighted below.

		Tractor/ Lowboy	Tandem Axle Dump Truck	Single Axle Dump Truck	Tractor/ Mower	Backhoe	Motor Patrol
