Mayfield-Hart Receives FHWA PUBLIC SERVICE AWARD

Elizabeth Mayfield-Hart, Staff Planning Engineer in the Department's Planning & Research Division, has been recognized by the Federal Highway Administration (FHWA) with the FHWA Administrator's Public Service Award.

Mayfield-Hart earned the honor for her contributions towards updating the FHWA's Traffic Monitoring Guide (TMG).

The Federal Highway Administration's Traffic Monitoring Guide provides State highway agencies and Metropolitan Planning Organizations (MPOs)

with detailed procedures for collecting, processing and reporting traffic data for all public roadways. State highway agencies, local governmental agencies, private organizations and businesses follow the Traffic Monitoring Guide to achieve data quality, consistency and compatibility.

In the fall of 2010, the FHWA started the first updating process for the Guide in ten

years. Twenty volunteers from State highway agencies MPOs, private businesses, TRB and the academic community responded to FHWA's call to serve on the Traffic Monitoring Guide Updating Expert Panel. The panel helped FHWA review new material, gather good practices and explore new directions.

The award was presented to Mayfield-Hart at the October meeting of the Arkansas State Highway Commission by Sandra Otto, Division Administrator, FHWA-Arkansas.

"This is the FHWA's highest honor that can be given to non-FHWA employees," stated Otto. "Over the last two years, these volunteer panel members have gone beyond the call of their regular duty devoting countless hours going over various drafts ensuring the updated Guide is easy to understand and follow. More than a dozen times, these volunteers spent hours on teleconference calls working out differences and ascertaining new topics."

Mayfield-Hart was one of about a dozen team members from Departments of Transportation across the nation who updated the document. The FHWA will publish the updated Traffic Monitoring Guide online this winter. ♦

AHTD Retirees' ANNUAL MEETING

The Association of Retired AHTD Employees held its annual meeting on October 25th at Bishop Park in Bryant. State President Richard Blaine presided over the meeting which featured lunch and presentations from Deputy Director and Chief Engineer Frank Vozel and Attorney General Dustin McDaniel. Nomination and election of the 2013 slate of state officers was also on the program. Statewide officers for next year are shown left to right: Doyle Hughes, Secretary Treasurer; Bettye C. Johnson, Sr. Vice-President; Jerry Westerman, Vice-President; and Dale Gossien, President (seated). Over 100 retirees attended the meeting. ♦

DISTRICT 2

Progress continues in Jefferson and Grant Counties on the reconstruction of approximately 7.5 miles of Interstate 530. The \$25.9 million project was awarded to Interstate Highway Construction, Inc. of Englewood,

Colorado, in October of 2011. Work began shortly thereafter. The improvements begin just south of the Pulaski County line and extend southward to the Jefferson interchange. Crews are crushing and processing the

existing concrete pavement, and recycling it into the new cement-treated base, a process known as rubblization. Construction is just over 50% complete and completion is expected in the summer of 2013. ♦

SPIRIT DAY PHOTO ALBUM

Thank you to all of our AHTD employees across the state who sent in photos from their Spirit Day events held on October 26th. The day was a big success and everyone had a good time! We received so many photos from our Districts that we couldn't find space to include them all here but we're happy to share as many as we could. We look forward to holding Spirit Day again next year! ♦

the Staff Minute

EMPLOYEE:

JIMMY STANDRIDGE

Hydraulic Excavator Operator – Finish District 8

LENGTH OF SERVICE: 33½ years. I started with the Department in June of 1979.

JOB DUTIES: I operate my equipment on everyday assignments on the roadways as needed, but also stand ready to clear the roadways when snow and ice hit our District.

FAVORITE PART OF THE JOB: My favorite part of the job is the actual operating of the equipment at various job locations and making sure the job is done correctly.

BACKGROUND: I began with the Department at the age of 18. I was a Paver Operator for twenty years before becoming a Hydraulic Excavator Operator.

FAMILY: My wife, Kathy, and I have six children and 13 grandchildren. That includes seven grandsons and six granddaughters.

HOBBIES: I enjoy going hunting, running a sawmill and working in log woods with my brother. ♦

AHTD Winter Weather Policy

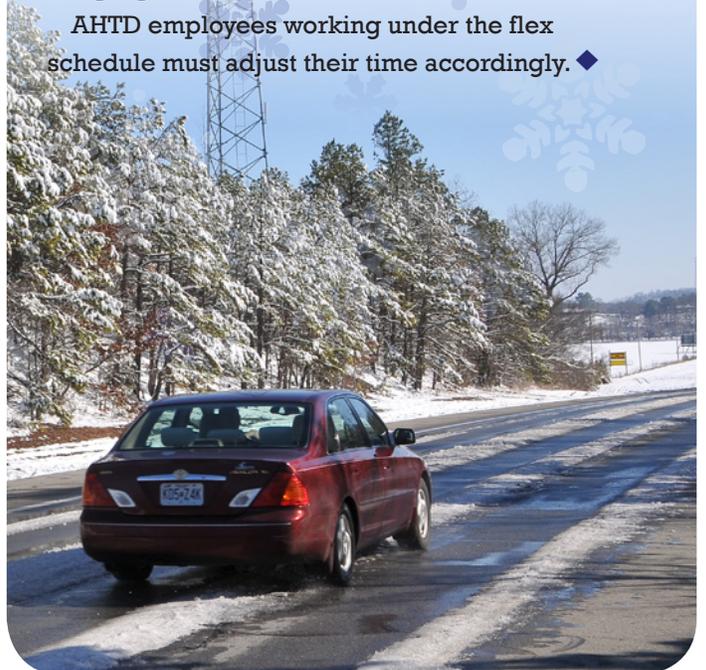

It's that time of year again. The winter months mean it is time to keep in mind the Department's policy for reporting to work during spells of snow and ice. In the event that AHTD employees are excused by official action due to inclement weather, the following will be in effect...

Official media notice to state agencies will apply to AHTD employees except designated essential personnel. The Inclement Weather Policy excuses employees from work until 10:00 a.m. unless otherwise specified by official media notice.

Employees who report to work after the excused time will be charged leave calculated between the excused time and their arrival time. Employees who do not report to work at all will be charged for a full day's leave.

Non-essential employees who elect to stay home or leave early due to weather-related conditions without being excused by official action will be charged annual leave. Accrued compensatory time may also be used to cover periods of absences due to inclement weather. If annual leave and compensatory time are unavailable, leave without pay may be used. Sick leave may not be used for this purpose.

AHTD employees working under the flex schedule must adjust their time accordingly. ♦
