

STUDY PURPOSE AND GOALS

PURPOSE OF STUDY:

- Determine the need for highway safety and mobility improvements
- Identify feasible alternatives for addressing identified needs
- Make recommendations for short-term, interim- and long-range improvements
- Engage with stakeholders throughout the study process

PROPOSED STUDY GOALS

Relieve recurring congestion

Improve reliability

Improve corridor travel time

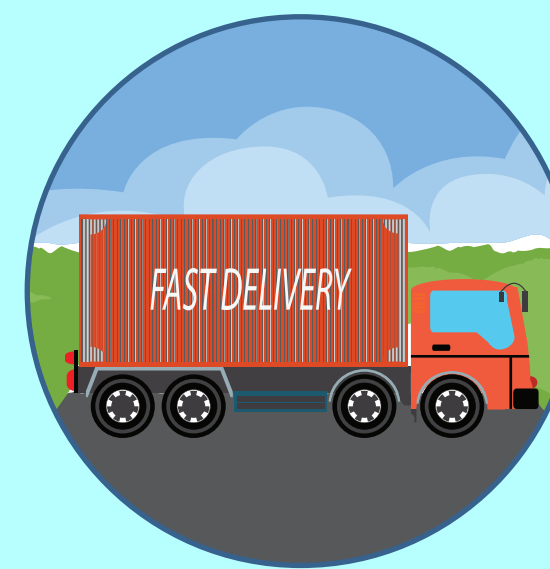

Balance access and mobility

Address safety concerns

Increase system connectivity

Provide for freight movements

Maintain a state of good repair

Minimize impacts to the natural,
physical and human environments
